**...and banish pain out of your joints for good without
risky side-effects of prescription drugs.**

Dear Friend,

Welcome...and thank you for placing your first order for Advanced Joint Support with avocado-soy extract.

By starting on this formula, you've just done *the most important thing* you can do to rebuild cartilage and relieve joint discomfort.

In fact, 7 international studies prove that avocado-soy extract produces 4 types of joint-cushioning collagen - the chemical protein that builds healthy cartilage. And the more cartilage you have, the less pain you'll feel!

What's more, hundreds of people who use our product have written telling us of their success stories.

I sincerely hope yours will be next.

**But if you want the pain to stop, I must remind you to
take your Advanced Joint Support
every day!**

Now more than ever, it's critical that you continue to nourish your joints with Advanced Joint Support.

Otherwise your body can't get what it really needs every day to build more cartilage and improve range-of-motion in your joints.

Since we're committed to the health of all our customers, we want to make sure that our newest customers, like you, stick with this important joint health plan.

To do that, I'm offering you ...

**Two FREE gifts to make it easier than ever
to maintain healthy joints**

I've enclosed these two FREE thank you gifts today to make it easier -- and more cost-effective -- to stay committed to your pain relief program.
